In accounting, an economic item's historical cost is the original nominal monetary value of that item. Historical cost accounting involves reporting assets and liabilities at their historical costs, which are not updated for changes in the items' values. Consequently, the amounts reported for these balance sheet items often differ from their current economic or market values.

Cultural-historical psychology is a branch of psychological theory and practice associated with Lev Vygotsky and Alexander Luria and their Circle, who initiated it in the mid-1920s-1930s. The phrase "cultural-historical psychology" never occurs in the writings of Vygotsky, and was subsequently ascribed to him by his critics and followers alike, yet it is under this title that this intellectual ...

Pediatric surgeons brought forth non-operative treatment for children with blunt spleen injury more than 50 years ago. At the time, this proposal was deemed reckless by many adult surgeons, and debate ensued for decades. Despite criticisms, pediatric surgeons refined the clinical pathways for children with spleen injury leading to current safe and efficient outcomes.
