Java Programming Basics - McGraw Hill Education

Computer graphics are pictures and films created using computers. Usually, the term refers to computer-generated image data created with the help of specialized graphical hardware and software.

Computer graphics - Wikipedia

Computer-aided architectural design (CAAD) software programs are the repository of accurate and comprehensive records of buildings and are used by architects and architectural companies. The first program [which?] was installed back in the 1960s, to help architects save time instead of drawing their blueprints. Computer-aided design also known as CAD was originally the type of program that ...
