Human rights are moral principles or norms that describe certain standards of human behaviour and are regularly protected as natural and legal rights in municipal and international law. They are commonly understood as inalienable, fundamental rights "to which a person is inherently entitled simply because she or he is a human being" and which are "inherent in all human beings", regardless of ...

Human rights in North Korea are severely limited. Despite numerous rights being de jure guaranteed by the country's constitution, human rights groups such as Amnesty International and nations such as the United States have asserted that in practice, there is no de facto right to free speech, and the only radio, television, music and news providers that are deemed legal are those operated by ...
